Mike, here is a draft of Glenn's slides including draft notes to share with Ken. When Ken's presentation is ready would you make sure that Glenn sees it to ensure consistency per earlier discussions. Thanks.

Hi, Mary. This is a later version than the one I gave you in hard copy earlier today. It incorporates some updated info from the federal health agencies, and also has a number of notes and recommendations from Jeanne B that I have reviewed but not yet resolved.

I will be shortening this a lot late tomorrow afternoon, as I just learned today that my allotted time for the keynote talk is only 30 minutes.
